Product features:

Belpad consists of a cushion body and 3 half neck pillows. The inner filling of the cushion body is 100% polyester sponge, and the outer fabric is 20% cotton and 80% polyester. The inner filling of the neck pillows is 300 grams of bead fiber, while the outer fabric is 20% cotton and 80% polyester. Product dimensions and weight are as follows:

length	: 50 cm
width	: 45 cm
height	: 55 cm
weight	: 4 kg

Installation:

For installation, it is sufficient to fix neck pillows on the back of the cushion body.

The integral seat part at the bottom of the cushion can be fixed to the bottom or opened forward, depending on preference.

The position of the 3 pillows and the distance from each other should be adjusted by the user in a way to support their head, back and waist.

How to use:

Belpad is a product that can be used with or without resting against wall or furniture. Also, it can be used while sitting on the bed or floor.

Belpad is used for neck, back and lumbar support and comfort and posture protection in sitting position. Belpad is not a medical product. Belpad is intended for personal use only, as stated in this Introduction and User Guide.

Cushion Usage:

When using the Belpad by resting against a surface (eg sofa or bed), you do not need to use the sitting piece, thus you fix it to the lower part of the cushion body as shown below:

(Figure-1: The position of sitting piece attached under cushion) .

When using the Belpad on the ground, do not forget to unfold the seating piece as shown below:

(Figure-2: Unfolded view of the seating piece).

How to use 3 pillows:

Belpad consists of a cushion body, 1 (one) sitting piece attached to the body and 3 half cylinder pillows. Half cylinder pillows are completely adjustable with velcros on them. For this, the user should take his own posture into account and place the half cylinder pillows in suitable positions to support the head, back and waist.

Handle with Care:

Take care to carry Belpad by holding the lower parts of the cushion body.

The half cylinder pillows should not be used to lift.

Use Belpad only in dry and clean areas.

Not suitable for children under 7 years old.

Do not use the product as a toy for children.

Belpad is not designed as a ladder. It should definitely not be used for this purpose.

If any discomfort or other complaints occur during use, you should discontinue to use immediately. A doctor should be consulted when necessary.
